\$8000 Project Is Undertaken With SERA Aid

25 Field Men Planned
For Study to Take
About 50 Days

A peninsula-wide rapid transit survey, made possible under an \$8000 SERA project, was commenced on Tuesday morning under the direction of the San Mateo County Planning Commission, it was revealed today.

To be completed within 50 days, the survey is designed to collect basic factual information that will serve as ammunition in the peninsula's offensive to secure adequate transportation facilities to meet the threat offered to its development by the construction of the bay bridges and the proposed speedy transportation from San Francisco terminal to Eastbay regions.

Twenty-five field men, drawn from qualified San Mateo county residents, and a director will form the active staff for the survey, working under the direction of Hugh R. Pomeroy, county planning adviser, and Ronald Campbell, planning technician.

All Peninsula Included
The survey will include all peninsula territory from Mountain View to San Francisco, thus taking in the main centers of commuter traffic for the metropolis. The Peninsula Rapid Transit Committee, representing peninsula chambers of commerce, recently approached the county supervisors with a request for \$10,000 for a rapid transit survey.

Population will be spotted on the peninsula, maps will be prepared to show the origin and destination of traffic, and traffic counts on highways, trains, street cars and buses will be made by the field staff. Schedules, headways, running times and equipment of existing transportation lines will be secured and charted, and maps will also be prepared of present facilities—in fact, everything will be done to secure a thorough factual picture of the peninsula's situation with relation to rapid transit facilities and requirements.

Three men have already been working for a month on the survey doing preliminary work, according to Campbell.

90,000 on Peninsula
Population figures are practically complete and show that there are approximately 90,000 persons resident in the county at the present time.

Campbell expects that the figures from the survey will show that the peninsula is growing rapidly, while the Eastbay section is losing ground and San Francisco is standing still.

From this it is anticipated that a vivid picture of the immediate need of the peninsula may be drawn.

Assisting Pomeroy and Campbell in directing the survey is Donald Baker, of Los Angeles, a leading authority and consultant on traffic, who made the rapid transit plan for Los Angeles. He has already held conferences with the county's representatives and lined out the requirements for the survey project.

Reports to be compiled from the survey data will be given to the county supervisors and organizations interested in the development of the peninsula. They are expected to prove of vital value in presenting the peninsula's case before the state toll bridge authority and the federal government to secure proper recognition for the peninsula in the location of the San Francisco terminal and financing.

Not Costing Extra
The survey is being made without additional cost to the taxpayers of the county, the money for supervision and other necessary items being drawn from the planning commission's budget and the \$8000 for the field work being supplied by the SERA.

Actual start of the project follows by only a few days the announcement of preliminary plans for the location of the San Francisco terminal of the bay bridge transit lines at Second and Minna street, San Francisco.

That proposal has drawn a storm of protest from numerous peninsula leaders, who see in it a strong threat to the peninsula's future growth and development.

Speaker to Explain Old Age Pension Plan

Capt. Delbert Brunton, Mountain View, will speak on the Townsend old age revolving pension plan at a public meeting at 8 o'clock tomorrow night at the Sequoia Union High School under the auspices of the local Townsend club.

Official Canvass of Primary Ballots in County Completed

The official vote count in the August 28 primary election was announced today by County Clerk Elmore B. Hinman upon the completion of the canvass of ballots cast after nearly two weeks of work on one of the most complicated ballots in county election history.

Several changes were made from the semi-official totals, but only one change in result occurred, that in the justice of the peace contest in Second Township. As announced last week, the official count placed Louis E. Rice in the second position in place of Avis Peckham. The former will face Richard O'Farrell in the run-off in November.

Final totals for the county showed that former Gov. C. C. Young was favored for the Republican gubernatorial nomination with a total of 8632 votes, and George Creel for the Democratic with 5375.

Complete official returns are as follows:

**Ten Are Injured
In Auto Crashes**

Ten people were injured, three critically, in two San Mateo automobile accidents yesterday and today.

Silvia Garcia, 55, 482 Nineteenth avenue, San Francisco, and Mrs. L. E. Cassassa, same address, suffered internal injuries in a crash between cars driven by Garcia and George Churchill, Los Angeles. Others injured in the same accident were Mrs. E. L. Campbell, 490 Nineteenth avenue, San Francisco; her 12-year-old daughter, Helen; Barbara Whittenberger, 12, 488 Eighteenth avenue; H. A. Leichter, 490 Nineteenth avenue; Churchill and his wife, Mrs. Roseline Churchill.

Both machines were overturned in the accident, which happened at Peninsula avenue and Bayshore. Mrs. John Newleam's chest was crushed and Joseph Jenkins suffered bad cuts about the head when cars driven by Mr. Newleam and Jenkins collided at El Camino Real and Poplar avenue today.

An Italian car, operating on charcoal gas, completed a 1600-mile journey from Rome to Budapest and back at a cost of approximately \$3.

Coroner Seeks To Administer Frazer Estate

No Will, Heirs Known
Of Property Valued
At \$200,000

Dr. J. C. McGovern, coroner and public administrator of San Mateo county, today petitioned the superior court to appoint him as special administrator of the estimated \$200,000 estate of James Frazer, "mystery man" department store proprietor of Palo Alto, who died early yesterday morning at his home in San Mateo.

In his petition Dr. McGovern asserts that no will has been found in Frazer's effects, that there are no known relatives in the United States and that the only persons interested in the estate are relatives in Ireland, whose names are unknown.

It is claimed in the petition that Frazer's large department store suffer neglect and damage as a result of his death. Attorneys for Dr. McGovern are Rodgers & Costello of Palo Alto, Ross & Ross and A. H. McGovern.

Mr. Frazer is as much a "mystery man" in death as he was in life. Not even his closest business associates or friends have been able to supply any facts concerning his personal life or past.

It is only believed that he was a native of Ireland and that he was 69 at his death. The age figure was gained from the fact that he gave that age when he entered a hospital for treatment some time ago.

He established his department store, which bore the name of Frazer & Company, in Palo Alto 40 years ago but never had lived in that city. He resided for many years in San Francisco and more recently in San Mateo.

No funeral services had been arranged for him by late today. His remains are at the Roller & Hapgood chapel in Palo Alto.

Mrs. Louisa Janke, Aged Belmont Woman, Dies

Mrs. Louisa Janke, 87, widow of the late Charles P. Janke, passed away Tuesday at her home on Ralston road, Belmont. Mrs. Janke has lived in Belmont for the past 66 years.

She is survived by four children: W. A. Janke Jr., of Richmond; Mrs. Dona Craig of Belmont; Mrs. Louisa Trautvetter of Richmond; and Mrs. Rose Lindsey of La Grange. A brother, H. W. Schaberg of Redwood City, also survives. Mrs. Janke leaves three grandchildren, Mrs. Ruby Hall, and Dorman and Earl Janke. She was born in New Orleans.

Funeral services were conducted by the Rev. Edwin Castledine of the Episcopal Church on Thursday afternoon at 2 o'clock at the Layng and Tinney Funeral Home, Interment was in Cypress Lawn Memorial Park.

Five Times More Accidents Caused From Skidding

Five-and-a-half times more accidents caused by cars skidding than by the blowouts or punctures, insurance records show.

Reason for this, according to Walter Lynch of Lynch Bros. local Goodyear dealer, is that tires with smooth treads skid 77 per cent farther than tires with good treads. Moreover, as demonstrated in 8400 laboratory and road tests, other new tires skid 14 to 19 per cent farther than Goodyear "G-3" All-Weather tires which maintain a record for faster gripping and more positive and quicker stops than those of other tread design.

With the increase in automobile traffic and the tendency for speedier driving during the hot August weather, the motorist whose tires are safe is, without doubt, protected to a large degree against highway accidents, declared Mr. Lynch.

In the case of sudden stops, the new Goodyear "G-3" tire gives one an ample margin of safety as additional protection from the careless driving of others on the highways who may stop suddenly without signaling.

Though the new tires provide 43 per cent more miles of real non-skid; are provided with a flatter, wider tread; have more center traction, heavier, tougher tread and a Supertwist cord body; there is no extra cost.

An Italian car, operating on charcoal gas, completed a 1600-mile journey from Rome to Budapest and back at a cost of approximately \$3.

Citizen Board To Undertake 'Phone Survey

Sub-Committee Named
To Investigate
Service

Investigation of the Redwood City telephone system and service, particularly with a view to securing a wider area of unlimited service without extra tolls, will be undertaken by a sub-committee of the Citizens' Advisory Board with the co-operation of L. C. Brown, telephone company manager, it was decided at the monthly meeting of the board last night at the firehouse.

Henry Beeger, Otis M. Carrington and Mrs. J. E. Baughn were appointed by the Rev. Norman Pendleton, chairman of the board, as members of the committee for this purpose.

At the conclusion of the meeting it was decided at the suggestion of the Rev. Mr. Pendleton, that the committee henceforth would meet only at the call of the chair because most of the important subjects before the board have been fully considered.

Police Report Made
Other principal business before the board was the presentation of a report by Wayne Millington, sub-committee chairman, upon the police and fire departments. It praised the work of both departments and declared that the cost of operation compared favorably with those in six California cities of similar size to Redwood City. No recommendations to the council were made as a result of the report.

Councilman Paul McCarthy commenced discussion of the telephone service in the community by raising two questions, why the rates could not be a wider area and whether the service is as good as can be expected.

He suggested that the area to the San Francisco creek on the south, Woodside on the west and San Carlos and Belmont on the north should be within a single toll zone. He thought possibly the only remedy might be to make application to the state railroad commission.

Separate Exchanges Obtained
A chamber of commerce report of the telephone situation revealed that a telephone exchange in the railroad commission is likely in the bay area. It also recalled that the San Carlos-Belmont exchange was set up in 1926 and the Woodside exchange in 1928 at the request of residents of those areas who had no opposition from Redwood City.

Brown, the telephone company manager here, spoke before the board, declaring that one of the reasons for the setting up of the Woodside exchange was that its requirements could never have been filled through "long line equipment."

He also pointed out that with a wider area included in one exchange rate protection to the local merchant is gone and that telephone subscribers would have to pay more for the wider area, rates in an exchange being based on the number of telephones in it.

Service Improved
Recent improvements in the telephone service here were declared by Brown to have been made through the removal of the local information desk to the Palo Alto exchange and the installation of new equipment to facilitate "re-calls."

The former move has speeded service, he said, and has greatly reduced the number of complaints because of the fact that the chief operator is now able to give personal supervision continually, whereas it had been necessary to handle from 400 to 800 information calls daily.

Brown expressed his willingness to co-operate in any investigation the board desired to make.

In his committee report on the police and fire departments Millington declared that the man power sufficiency of the latter is shown by the low fire loss. The report also stated that the board of underwriters would cut insurance premiums 7 per cent on dwellings and 5 per cent on business buildings if two more paid men were added to the department.

Seek Lower Rates
City Manager E. A. Rolison declared, however, that the saving in premiums would hardly pay for the employment of the additional men. He declared that with recently added equipment a drive may be made for lower rates.

On the motion of W. J. Dusel the board recommended that a move be made to secure a reduction.

Millington's report on the police commented on the low crime rate and few burglaries. It pointed out that because of finances the patrol was inadequate from 4 a. m. to 8 a. m.

She's 6, Sees First Liner

Little Betty Haymaker, age 6, born and reared in Arizona, gets her first view of an ocean-going liner from the deck of her dad's Packard. The dad is George V. Haymaker, assistant Northern California division manager of General Petroleum Corporation, and Betty is 100% General Petroleum.

County Relief Load Reduced

606 Cases Taken From
Rolls in Month,
McAloney Says

Reduction in the San Mateo county emergency relief case load by 606 cases during the month of July was revealed today in a report announced by Capt. L. G. McAloney, director of the county emergency relief administration.

Of these 174 secured employment other than relief work, 120 received sufficient income from other sources, 238 failed to report for work after receiving notification from the central placement bureau and 62 more in the past two months have been referred to the social welfare division because they were unemployable, according to Captain McAloney.

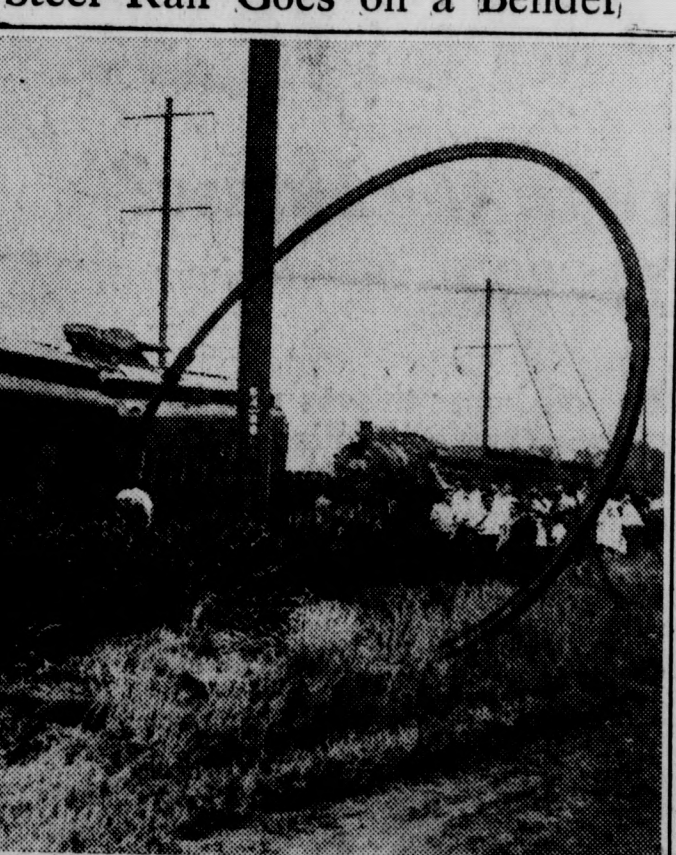

At the present time, McAloney's report shows, 16 SERA engineering and construction projects are under way in the county, and 11 other projects for women or men are also in progress.

The relief director points out that projects are selected to fit the unemployed groups shown on the administration's placement rolls.

An average of 38.05 per cent of all Chicago husbands help their wives with the dishes, according to a survey by the Chicago department of labor.

Beer is still brewed for its students by Queen's College, Oxford University, England.

Steel Rail Goes on a Bender

It's the steel rail, not the observer, that has been on a bender in this case, although one can't be blamed for not crediting one's eyes. The rail looped the loop when four cars of a speeding New York-bound express train were derailed near Bristol, Pa. Two women passengers were slightly injured.

Local Weekly Paper Bought

Tiedeman and Maloney
Acquire 'Standard'
To Publish Soon

Purchase of the Redwood City Standard, the second oldest newspaper in Redwood City, from the Peninsula Newspapers, Inc., by John E. Tiedeman and Frank J. Maloney was confirmed today by the new owners. The first issue of the Standard under the new ownership has been scheduled for an early date.

The Standard was first established in 1886 as the Redwood City Democrat and was published continuously under that name until 1917 when the name was changed to Redwood City Standard. It was purchased by the Peninsula Newspapers, Inc. in 1931.

Under the new owners that Standard will publish on Fridays of each week with publication offices at 834 Main street. The paper will be Democratic in politics and will, according to the new owners support the candidates endorsed by that party.

It also was announced that the change in ownership of the Redwood City Standard will in no way affect the Standard Printing Company of which James D. Hedge and Arthur V. Swift are the owners. This company published the Standard at the time of its sale to the Redwood City Tribune in 1931.

The Standard Printing Company will continue in business in its own building at 870 Jefferson avenue as heretofore.

Tiedeman was formerly connected with newspapers in San Francisco until about five years ago when he became business manager of the present Pittsburg Post Dispatch. For the last three years he was the editor and publisher of the Morgan Hill Times and San Martin News. These newspapers he recently sold.

Maloney is a native of San Mateo county and since his graduation at Santa Clara University he has been engaged in the newspaper and advertising business in the county and in San Francisco. He also for several years was the editor of the Sausalito News and the Willits News.

Red Cross Plans For Collections

The Redwood City chapter of the Red Cross will resume its weekly collections of papers, magazines and clothing on Saturday, it was announced today.

The work was dropped during the summer months as a result of the infantile paralysis threat, but collections will now be made each Saturday.

Things collected are sold to provide money to give work for unemployed women. Anyone having papers, magazines or clothing that they wish to donate to the Red Cross are asked to call Mrs. George North, telephone 2049, and leave their addresses, so that collection calls can be made on Saturday.

Joseph Signarowitz Dead at San Mateo

SAN MATEO, Sept. 11.—Joseph Signarowitz, 78, retired railroad employee, died early today at his home, 70 San Mateo drive.

A native of Hungary, he had been in the United States 44 years. In November, 1932, he and his wife, Pauline, celebrated their golden wedding anniversary. He is survived by two sons, Eugene and Ferdinand J. Signarowitz.

Montgomery Ward Holds Radio Show

The biggest radio show ever put on by the nation-wide firm of Montgomery Ward will start today, according to an announcement made by D. P. Washburn, manager of the local Ward store. It is an event of great magnitude when Wards bring out new radio developments in a show of this kind. 489 Ward stores in 46 states will participate.

"Every one of the new radios is in and the radio section is enlarged to take care of the throng of sight-seers we expect," says Mr. Washburn. "This show introduces the greatest line of radios Wards have ever produced—the 1935 World-Wide Range Radios for tuning in foreign as well as American broadcasting stations. Furthermore Wards are introducing for the first time a reliable short-long wave receiver at a very low price that is expected to prove of popular interest to many eager fans who have always thought of world-wide range as beyond their pocket books."

Everybody in Redwood City and surrounding towns is invited to attend this Radio Show at Wards.

NEWS MENLO PARK

The marriage of Lorene Sullivan to Lee Sterling of Menlo Park will take place Saturday afternoon at the home of the Rev. Charles H. Gatchell of 314 Grand street, Redwood City. The ceremony will be private.

Miss Sullivan will be attended by her sister, May, as maid of honor, and bridesmaids will be Charlon Lothrop and Inez Karlburg.

Best man will be Lloyd Elliott.

Miss Sullivan is the daughter of Mrs. William F. Sullivan and the late Mr. Sullivan. She is a former Sequoia high school student. Mr. Sterling is also a former Sequoia student and is a well-known athlete on the peninsula. He is employed in Palo Alto, where the young couple will live.

Among those who registered at the opening of Menlo Junior College Tuesday were the following Sequoia graduates: George Farrell, Don Kennedy, and Howard and Charles Van Orden.

Henry Willis Smith, resident of Menlo Park for 45 years, passed away in the latter city Tuesday as the result of a heart attack. He was born in Belmont 58 years ago.

He is survived by his widow, Jessie Smith, one son, Ralph H. Smith; three daughters, Mrs. Rose Lawrence, Mrs. Carlos, Mrs. Catherine Reynard, Redwood City, and Miss Jessica Smith, Menlo Park; one brother, Charles H. Smith; two sisters, Miss Charlotte Dick and Mrs. Helen Johansen, all of Menlo Park.

Mr. and Mrs. Latham McMullin had as guests at the State Fair in Sacramento a group of San Francisco and peninsula girls, among them Miss Virginia McMullin, Miss Costanza Avenali, Miss Marianna Avenali, Miss Virginia Allen, and Miss Mignon Willard.

300 Prisoners Face Removal to New Jail

Three hundred San Francisco prisoners will be transferred tomorrow morning to their new quarters in the new San Francisco county jail on the Sneath ranch, near the Skyline boulevard in northern San Mateo county.

Twenty-five of the prisoners are women.

Redwood City 30 Years Ago

Judge Buck departed for Lakeport Thursday to hear a case in the Superior Court of Lake county in place of Judge Syre, who is disqualified to sit on the trial of the case.

Mrs. E. Mourou and Miss Louise Mourou returned last Friday from their trip to St. Louis and other Eastern points of interest. They were absent on their travels about two months.

Harry Robertson returned last Friday from a three month's trip to the Orient. Mr. Robertson, during the time he was absent, was employed on the steamship Siberia. While in the neighborhood of China he saw two Japanese transports which had been sunk by the Russians, but beyond that he did not see any of the trouble between Russia and Japan.

Mrs. Frank J. Wentworth presented her husband with a fine baby boy Wednesday night. Both mother and baby are doing nicely.

Midnight Show at Redwood Theatre

An elaborate midnight whoopee theatre frolic will be staged by the Peninsula Shrine Club tomorrow night at the Redwood Theatre when several hundred members of the organization will gather at 11:30 p. m. in a real old fashioned theatre party. With the general public also invited the revelers will receive all the "fixings" that go to make up a hilarious time—serpentine, horns, carnival caps, favors, novelties and various surprises.

Sons Watch Father Leap From Window

NEW YORK, Sept. 13 (UP)—Albert Halperin, 59, real estate and insurance broker, telegraphed his sons, Robert and Henry, to meet him at his Brooklyn office.

As they entered his 14th floor suite he waved, and jumped out a window to his death.

The United States manufactures and eats more ice cream than all the rest of the world.

SUM PLANNED TO HIRE ENGINEERING EXPERT; FULL REQUEST DENIED

The San Mateo County Board of Supervisors have appropriated \$2000 to assist the Peninsula Rapid Transit Committee's campaign to secure recognition for the peninsula's transportation needs in the final determination of the San Francisco-Oakland bay bridge terminal and rapid transit system.

This sum will be devoted exclusively to employment of Bion J. Arnold, noted Chicago engineer and transit expert who several years ago prepared a transit study for the Commonwealth Club in San Francisco. In addition, the board offered the services of the district attorney's and engineer's offices to assist in the campaign.

This action was taken after several members of the committee had asked for a total of \$10,000 from the county: \$1500 previously promised for publicity and education work, \$3500 for an engineer, \$2500 for legal counsel and \$2500 for clerical work and assistants.

Members of the board of supervisors declared themselves to be heartily in sympathy with the committee's work but asserted that there was no money available to meet such a request. Their decision to appropriate the \$2000 came after a recess and private conference.

Poole Supports Campaign

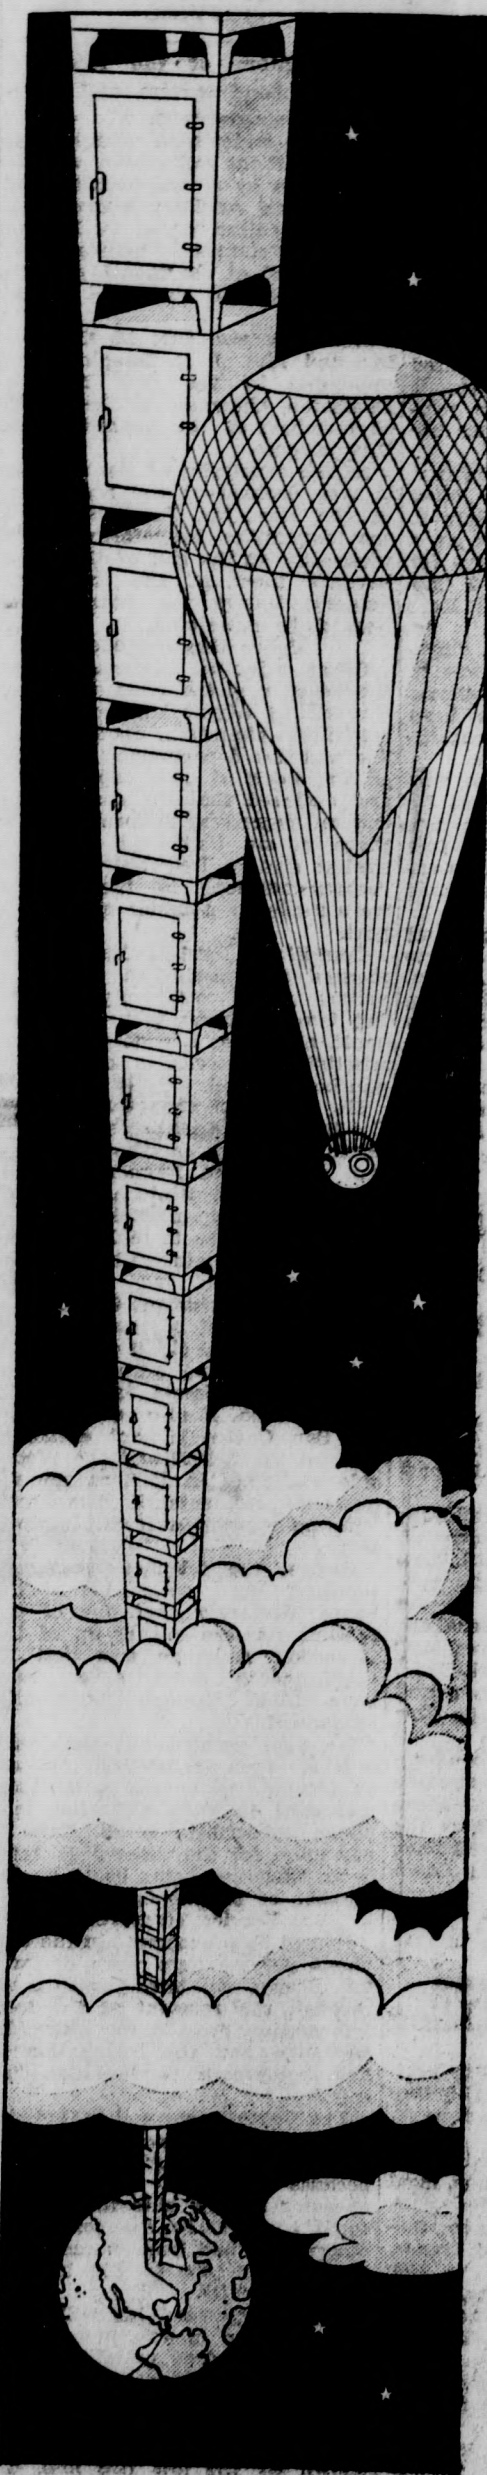

Supervisor John Poole of Redwood City declared that he could "see the picture plainly. I realize that unless we have rapid transit, we are going to be sunk as far as growth is concerned. It will not be many years before San Mateo county will be a part of San Francisco—it is coming, though I do not approve of it. We want the population to promote the cities and business."

Chairman C. V. Thompson asserted that the board realized the importance of the request. But after the promise of \$1500 previously, it was "a shock to the board now to ask \$9000 more."

The committee's request for an appropriation was made by Frank J. Rocher Jr., San Mateo, who pointed out that proper legal advice and technical counsel was needed.

Discrimination Alleged

P. R. Thompson, representing the South San Francisco Chamber of Commerce and a member of the San Francisco committee of the general transit group, declared

Oil is being made from coal by a British inventor. He has erected a plant to handle 1000 tons of coal a week.

In Europe, the moose is known as an elk, while in America, the elk is really a close relative of the European stag.

The committee had already enlisted the support of San Francisco civic clubs and was planning a mass meeting at the San Francisco civic auditorium to acquaint the people there with the transit situation.

San Mateo Is Backer
City Manager E. P. Wilsey of San Mateo announced that the San Mateo city council was heartily in favor of the committee's work.

Elmore B. Hinman also emphasized the importance of the transit situation, which he saw to be "nearing a crisis."

The supervisors upon appropriating the \$2000 also urged the committee to seek the aid of the municipalities and also of Santa Clara county in its work.

Hugh R. Pomeroy, planning adviser, outlined at the meeting the survey being undertaken under an \$8000 SERA project.

Mrs. Christensen Dismissal Hit By Board

Dismissal of Mrs. Mona L. Christensen as North Palo Alto case worker of the San Mateo County Emergency Relief Administration was protested in a resolution adopted Monday by the county board of supervisors.

The action followed a question put to E. F. Clements, assistant relief director, by Chairman C. V. Thompson of the board as to why she was discharged.

Both Dr. Thompson and Supervisor Poole declared that she should be retained, and the resolution prepared by District Attorney Edmund Scott at the board's request pointed out that she had given freely of her time and energy to relief work. Recently, SERA officials informed the board only trained case workers could be employed under federal regulations.

England is making tests with a material into the exhaust systems of automobiles to remove carbon monoxide from the fumes.

Vote for Merriam Only Way

Those opposed to Upton Sinclair, Democratic nominee for Governor, and wish to bring about his defeat must concentrate upon Frank Merriam, the Republican nominee. A vote for Raymond Haight, progressive candidate, will be a vote for Sinclair, the radical.

Governor Merriam is safe and sound, a good executive and should be retained.

A TOWER TO THE Stratosphere BUILT OF ICE REFRIGERATORS

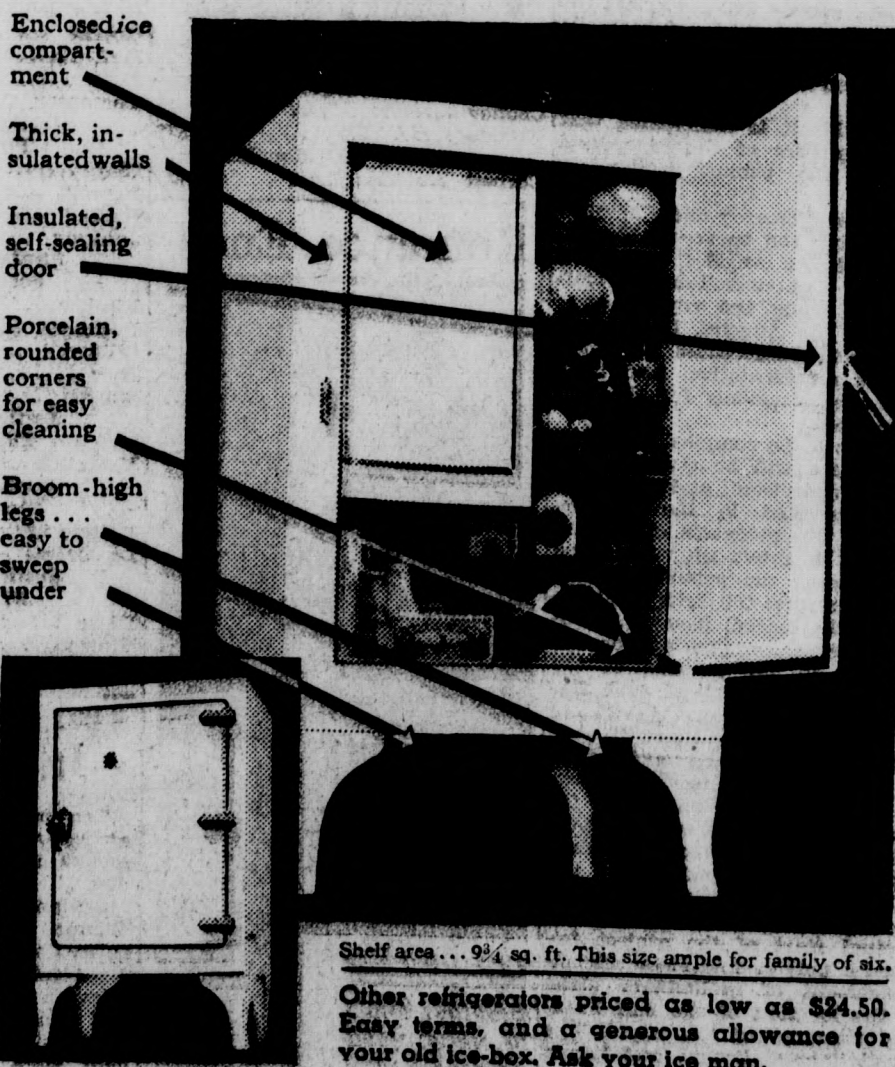

Think of it! The ice refrigerators that Californians are buying from their ice companies this season would make a tower twelve miles tall... higher than any stratosphere balloon has ever flown.

To meet this year's demand for 15,000 new, low-temperature ice refrigerators, two of the nation's biggest ice refrigerator factories, located in California... are working three shifts a day. And the supplying of crystal-clear ice for these refrigerators will keep another important home industry busy for years to come.

This Low Temperature Ice Refrigerator

\$44⁵⁰

Beautiful in Design...
Scientific in Every Detail
Uses Less Ice...
Keeps Foods Colder...

Shelf area... 9 1/4 sq. ft. This size ample for family of six.

Other refrigerators priced as low as \$24.50. Easy terms, and a generous allowance for your old ice-box. Ask your ice man.

Emilio Botto Dies Suddenly in S. F. This Morning

Emilio Botto, proprietor of the San Carlos Creamery here, died suddenly in San Francisco this morning.

He had been in ill health for some time, but his death occurred unexpectedly after he was taken to San Francisco for hospital treatment.

Mr. Botto was a native of Redwood City and was a member of a pioneer Belmont family. He had been in the creamery business here for 15 years.

Surviving him are his widow, Mrs. Minerva Botto; a brother, Joseph Botto, Belmont; four sisters, Mrs. Carrie Martorella and Mrs. Florence Nespoli of San Francisco, Mrs. Jennie Granucci of San Mateo and Mrs. Louisa Burd of Belmont; and two step-children, Thelma and Leona Peterson, of Burlingame. He was the son of the late Paul and Rose Botto.

Notice of the funeral will be given later. Friends may call at the Laying and Tinney Funeral Home.

REVISION OF NRA IS AGREED UPON

By FRANCIS M. STEPHENSON
HYDE PARK, N. Y., Sept. 13 (AP)—President Roosevelt and Gen. Hugh S. Johnson, NRA administrator, agreed today upon the principles of an immediate reorganization of NRA to eliminate overlapping functions and provide for simplification of this vital recovery unit.

Another night conference at the summer White House developed the agreement for establishment of the NRA on the same basis as the federal government with three separate branches—executive, judicial and legislative.

Johnson is going ahead as head of the executive branch and will continue the re-organization planning with the president in conferences still to come.

The judicial branch of NRA will take care of labor disputes and also assume the duties of the code authorities.

The legislative agency of NRA will be the policy fixing department. After laying down this ground work of principles for the temporary future of NRA pending enactment of legislation, the president and Johnson put aside the mass of details for further study.

Silver Exports Alarm Chinese

SHANGHAI, Sept. 13 (AP)—Chinese bankers watched with some concern today as great hoards of silver left the country through export channels.

The Nanking government, it was believed had taken measures to check the outward flow. But there was some uneasiness as to whether the movement might get out of control before government measures became effective.

Silver exports were stimulated by a finance ministry ruling limiting foreign exchange transactions.

U.S. Revenue Agents Charged With Laxity

WASHINGTON, Sept. 13 (AP)—The senate banking committee charged internal revenue agents today with "laxity in enforcement," for accepting "without examination" income tax returns prepared by J. P. Morgan and Company.

A lengthy review of evidence that officials of the Morgan company, Kuhn, Loeb and Company and the National City Bank of New York "avoided" income taxes by "a variety of methods" was presented by the committee.

The fifth installment of the committee's report on its stock market investigation said the internal revenue agents accepted Morgan-prepared returns "on the assumption that preparation by that firm ipso facto established the correctness."

Suspect Arrested In Police Killing

LOS ANGELES, Sept. 13 (AP)—Raiding a room they described as a robber hide-out, Detective Lieutenants Tom Dailey and Bill Baker today had arrested a man they identified as John C. Hawkins, sought as a suspect in the killing of Arnold McCord, Pasadena police court officer.

The officers said Hawkins answered the description of the fugitive wanted in the slaying and added they had evidence he had boasted of shooting McCord. The court officer was slain last Friday night on a downtown corner here after he had displayed resistance to the attempt of a robber to hold him up.

Mother-in-Law Asks Control of Estate

Mrs. Trina Hansen, San Francisco, today petitioned the superior court in Redwood City for the right to administer the estate in San Mateo county left by her son-in-law, Hans Larsen, who died on August 22.

The only heirs are declared to be a daughter, Hazel Larsen, who has been made the petitioner's ward, and two brothers and two sisters who reside in Denmark. The estate is valued at \$5000. Arthur S. Devoto is attorney for Mrs. Hansen.

Big Manganese Order Is Placed By Japan

MANILA, P. I., Sept. 13.—Assertion that Japan has ordered 10,000 tons of manganese from a Philippine mining concern for October delivery was made here today by J. J. Rafferty, mine superintendent and former director of the insular bureau of commerce.

Insular officials said they didn't see how such an order could be filled.

The bureau of commerce reported

ed the company had only a thousand tons available and that production was slow.

Only 3000 tons of manganese, which is required for war purposes, was exported in 1917 by the mines, located in the Northern Luzon Islands. They have since been idle.

A new development concern preparing to make a public offer of its stock cited the possibility of war between Japan and Russia, or war in Europe.

A human being can lose about 40 per cent of his blood and not die.

Unwanted Hindus Cling To Homes In South Africa

CAPE TOWN, Sept. 13 (AP)—British Guiana, New Guinea and Borneo are suggested by an investigating committee of the South African Government as suitable sites for a colonization program which would give India an outlet for surplus population and enable South Africa to rid itself of its unwanted Hindus.

South Africa has almost 200,000 British Indians as a souvenir of the decades after 1850 when indentured coolie labor was brought from India to the sugar plantations of Natal.

Its present plan of giving free passage home to every Indian, who will return, virtually has broken down because four-fifths of the proposed emigres were born here and find India uncongenial.

The investigating committee was appointed last year in the hope that the government of India would co-operate in the quest. Its

report notes the inavailability of other than tropical regions under the British flag for Indian colonization, but suggests that in them Indian colonists find "fertile areas offering great rewards to effective and organized settlement."

Indian leaders in South Africa regard the report coolly. Their countrymen are reluctant to leave South Africa, but desire freedom from the "non-European" stigma which classifies them with the mixed and native population.

Drought Tenants' Rent Notes Canceled

ALBION, Neb., Sept. 13 (AP)—Douglas Shawhan of Milwaukee is a respected landowner hereabouts. He came recently to look after his three farms, and realizing the suffering caused by the summer's drought, cancelled the tenants' rent notes totaling \$1500.

Pepper Martin, outfielder, infielder, and pitcher for the St. Louis Cardinals has a birthday only once every four years. He was born on a leap-year day.

Mrs. Louis Tognoli Of Belmont Dies At Hospital

Mrs. Linda Tognoli, 40, wife of Louis Tognoli, well known resident of Belmont, died early Sunday morning at the Middlefield Road Hospital.

Besides her husband she is survived by two children: Aurelia and Albert Tognoli, and her mother, Mrs. Aurelia Eugena. Mrs. Tognoli was a native of St. Helena.

Funeral services were held Tuesday morning at 9:30 o'clock from the Layng & Tinney Funeral Home, thence to the Church of the Immaculate Heart, Belmont, where requiem mass was celebrated at 10 o'clock. Entombment followed at Holy Cross Cemetery, Colma.

Per capita rate of money in circulation in the United States is now more than \$37.

Ten per cent of the children born each year are attacked by diphtheria before they reach the age of 15.

In 1894, 90 inches of rain and melted snow fell on Mt. Hamilton, in California; in 1885, only 18 inches of moisture fell at the same place.

Sequoia Sub Center Injured in Practice

A "freak" accident yesterday afternoon in which Al Mann, third-string center on Sequoia's football squad, received a slight fracture

of the ankle when another player fell on him will keep him out of football for the rest of the season.

Production of motor vehicles in the United States and Canada for the first half of 1934 amounted to 1,796,376 for the first six months of 1933.

friendly

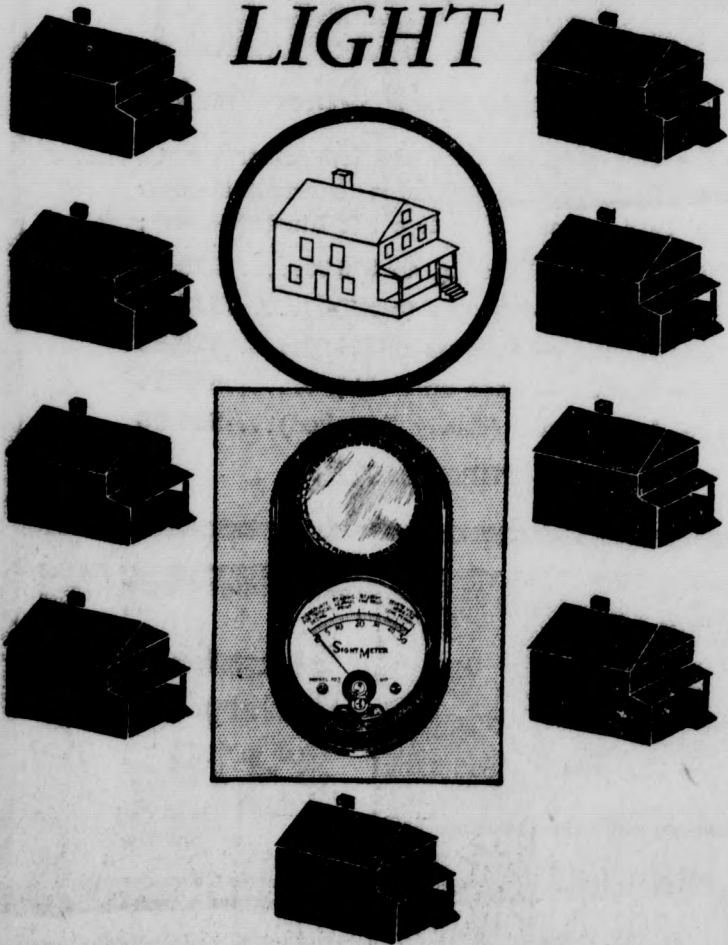

A spirit of genuine friendliness pervades the Bank of America organization. This institution is California's democratic, and most widely patronized bank. Every officer is readily accessible—always ready and willing to render any service that squares with sound banking practice.

Bank of America—friendly, helpful, progressive.

1 HOME IN 10 HAS ADEQUATE LIGHT

AFTER sundown only one home in ten has light sufficient to help vision instead of hurting the eyes. That is a strong statement but it is true.

Would you like to know for sure if your home is properly lighted at night? This is what you should do about it:

1. Have a Sight Meter test made of the lighting in your home.
2. Have enough light in enough places—25 to 100 footcandles.
3. Have diffused light without glare.
4. Ask your local dealer to help you or call on this company.

Remember this, the difference in cost between good light and poor light is very small. Good lighting pays for itself when it saves eyesight and preserves health.

Officials Still Seek Educator's Daughter

PINEDALE, Wyo., Sept. 12 (UP)—Grave fears for the life of Virginia Ewing Gates were expressed today as authorities pressed their search for the 23-year-old daughter of Thomas S. Gates, president of the University of Pennsylvania.

Miss Gates has not been seen or heard from since she "went for a stroll" August 10 at a "dude" ranch 40 miles northwest of Pinedale. Department of justice agents have been called in to aid other officers in an attempt to trace the Philadelphia girl's whereabouts.

Her father is a former partner of J. P. Morgan & Co.

Motoring offenses in Great Britain last year averaged 1000 a day.

Election Cost Deadline Near

Young in Candidates Filing Campaign Expense Here

Topped by former Gov. C. C. Young, 26 candidates had filed affidavits of election campaign costs at the courthouse here by early afternoon. Today is the last day for filing their statements.

Young's statement of the costs of his unsuccessful campaign for the Republican gubernatorial nomination was filed with County Re-

corder T. C. Rice and listed his expenses as \$5109.50, most of which was for printing and clerks. He declared he had no knowledge of the receipts of expenses of various headquarters and committees.

Congressman John J. McGrath stated that his campaign costs totaled \$900, and Edward F. Treauwell, Burlingame, candidate for lieutenant governor, listed expenses totaling \$1278.01.

Police Chief John J. Harper of Burlingame, defeated for sheriff, was high man among the local candidates having filed so far with County Clerk Elmore B. Hinman. His expenses were \$801.10, and included use of a \$100 donation from members of his police department.

Expenses listed by other county candidates so far include: Sheriff—Col. Scott Smith, \$98.66; District attorney—Gilbert D. Fer-

rell, \$386.79; Edward Hoffmann, \$626.27; Olin F. Nuckolls, \$280.44; Supervisor, Fifth District—Walter High, \$206.50; Dr. C. V. Thompson, \$308.48; W. H. Brownlee, \$114.70.

Justice of the Peace, Second Township—Richard E. O'Farrell, \$133.75; Louis E. Rice, \$113.84; B. P. Sharon, \$225.06; Richard Fischer, \$108.76.

Supervisor, Second District—Fred E. Beer, \$348; John W. Forsythe, \$308.50; John E. Cowgill, \$62.32.

Others are Pansy Jewett Abbott, superintendent of schools, \$10; Elmore B. Hinman, clerk, \$476.71; Dan P. Flynn, assessor, \$767.85; E. M. Stack, controller, \$591.83; M. J. Bettencourt, Fourth township justice, \$77.55; Gus Risso, Fifth township justice, \$400; Edward I. McAuliffe, Third Township justice.

Menlo Park Police To Receive New Car

MENLO PARK, Sept. 12.—Menlo Park's city council voted the purchase of a new automobile for the police department and disposed of a half-dozen routine matters in one of the shortest sessions since the new councilmen assumed office.

The meeting, held in the new city hall last night, was completed without bickering or argument. Only the "new deal" councilmen were present.

Purchase of a new automobile for the police department was proposed by Commissioner Henry Carroll, who pointed out the repairs to the car in use would approximate \$75. The car, which had been purchased in February of this year, had been driven 17,000 miles. Carroll stated that a trade in for a new automobile for an additional cost of \$102 was "good business."

Several local banking figures will attend. The educational program for the coming year will be dis-

STATUS OF NEW P. O. FOR CITY STILL UNKNOWN

Just where is Redwood City's new postoffice?

That question remained unanswered even after a report to the Citizens' Advisory Board last night by C. W. Woodhams of his investigation into the status of the postoffice project.

Woodhams declared that there was no more recent information other than that received from Washington in June that bids would probably be called "within 30 days."

The project was delayed in the spring because of the necessity of revising plans to meet increased construction costs.

W. O. Tyson urged citizens of Redwood City to pound away at the federal government to get action on the postoffice.

New York's 4000 fur dealers, manufacturers and importers are concentrated in a three-block section of the city.

Adria, Italy, stands 14 miles inland from the Adriatic Sea. It one stood on the sea's shores, but sea deposits altered its location.

Cussed and interest aroused in subjects to be given at Sequoia high school this month.

2 Hurt As Car Skids On San Mateo Bridge

SAN MATEO, Sept. 13.—Mrs. Barbara Gregory, 25, suffered hip injuries and cuts, and Marjorie Burrows back injuries today when a car driven by Mrs. Gregory's father, Fred L. Hogue, skidded and crashed into a railing on the San Mateo-Hayward bridge after a tire blew out.

Flower fertilization is brought about by birds, wind and insects.

Kiwanians to Attend Dinner at San Mateo

Members of Kiwanis will journey to San Mateo tomorrow for a dinner of clubs of the peninsula. About 30 are expected to attend.

A golf tournament in the afternoon will follow a luncheon. Redwood City men are planning to attend both affairs. Election of a lieutenant governor of the division will be the chief business at the dinner.

LEGAL

NOTICE OF HEARING OF APPLICATION FOR PROBATE OF WILL AND FOR LETTERS OF ADMINISTRATION WITH WILL ANNEXED

No. 6579. Dept. No. 1

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of JOSEPHINE A. BRANSON, also known as Josie A. Branson, deceased.

Notice is hereby given that a document purporting to be the Last Will and Testament of Josephine A. Branson, also known as Josie A. Branson, deceased, having on the 4th day of September, 1934, come into the possession of

said Superior Court and that a petition for the probate thereof and for issuance of letters of administration with the will annexed to Thomas J. Branson having been filed with the clerk of said Court; and that on Monday the 24th day of September, A. D. 1934, at 10:00 o'clock A. M. of said day, at the Courtroom of Department No. 1 of said Court, at the Courtroom in Redwood City, in the County of San Mateo, has been set as the time and place for the proving of the will of said Josephine A. Branson, also known as Josie A. Branson, deceased, and for hearing the application of said Thomas J. Branson for the issuance to him of Letters of Administration with the Will Annexed, when and where any person interested may appear and contest the same, and show cause, if any they have, why said petition should not be granted. Given under my hand and the

Seal of the said Superior Court, this 4th day of September, 1934.
E. B. HINMAN, Clerk.
By F. M. RYAN, Deputy Clerk.
(SEAL)
HUGH F. MULLIN, JR., Attorney for the Petitioner.

OF REAL PROPERTY
No. 230842, Dept. No. 8

IN THE SUPERIOR COURT OF
THE STATE OF CALIFORNIA,
IN AND FOR THE CITY AND
COUNTY OF SAN FRANCISCO.

E. E. CICERONE, Plaintiff, vs.
RICHARD COOMBS and MARIE
COOMBS, MARIE COOMBS also
known as MARIE FITZPATRICK.

Millions in Silver Pour Into S. F. Mint

The "million-dollar look" is prevalent at the San Francisco mint. For, since President Roosevelt's silver nationalizing order, bar silver has been pouring into the mint at the rate of nearly \$1,000,000 a day and there is more to come as fast as it can be handled.

Defendants.

Under and by virtue of an ex-
ecution issued out of the Superior
court of the City and County of
San Francisco, State of California,
in an action wherein E. E. Cic-
erone was Plaintiff and Richard
Coombs and Marie Coombs, Marie
Coombs also known as Marie Fitz-
patrick were defendants, upon a
judgment rendered on the 17th day
of August, A. D. 1934, in favor of
the Plaintiff and against the De-
fendants, for the sum of \$127-
642.00 current lawful money of the
United States, with interest and
costs, I have this day levied upon
all the right, title, claim and inter-
est of said Defendants in and to
the following described real prop-
erty, to-wit:

All that certain real property
situate, lying and being in the
County of San Mateo, State of
California, standing in the name
of Marie Fitzpatrick: A piece of
land of 63 acres being more
particularly described as fol-
lows: BEGINNING at the point
of intersection of the center
line of the County Road leading
from Woodside to Portola with
the center line of San Jon
Creek, said creek forming the

lands of Morhead, Talbot and
Marie Coombs; thence south-

S. F. Chamber
Receives PlanPeninsula Expansion
Provided in Scheme
For Transit

Establishment of a rapid transit
system in San Francisco that will
provide for its eventual inclusion
in a development that will give
rapid transit facilities to the pe-
ninsula commuter area is proposed
in a report submitted to the San
Francisco Chamber of Commerce
today by Dr. B. M. Rastall, its
traffic consultant.

Declared to cost not more than
\$4,000,000, the system outlined by
Dr. Rastall would provide for an
elevated structure connecting with
the bay bridge terminal and ex-
tending out Minna street to
Twelfth and McCoppin streets.

Dr. Rastall in his report em-
phasizes the necessity for the "bal-
anced development" of transit fac-
ilities if San Francisco is to re-
main the center of the bay metro-
politan area.

The traffic experts asserts that
his proposed system would open
the whole southern peninsula dis-
trict to modern rapid transit de-
velopment.

In brief, the plan would provide:
1—An elevated structure con-
necting with the bay bridge inter-
urban terminal at First and Minna
streets, extending out Minna to
Twelfth and McCoppin streets and
then to the surface at McCoppin
and Market streets.

2—Through service in high speed
electric trains over the elevated,
out Market street and through the
Twin Peaks tunnel, which is ad-
easterly on and along said
southwesterly boundary fence
line of what was formerly the
Hugh Kelly ranch following the
meanderings thereof 1278 feet,
more or less to its intersection
with the center line of said San
Jon Creek; thence northeasterly
down and along the center line
of said San Jon Creek following
the meanderings thereof to the
point of beginning.

NOTICE IS HEREBY GIVEN
that I will on Tuesday, the 18th day
of September, 1934, at 10:00 o'clock
A. M. of said day, at the front en-
trance of the County Court House
in the City of Redwood City,
County of San Mateo, State of
California, sell at public auction,
for current lawful money of the
United States of America, all the
right, title, claim and interest of
said defendants in and to the above
described properties, or so much
thereof as may be necessary to sat-
isfy said judgment, with interest
and costs, and accruing costs, to
the highest bidder.

Dated this 22nd day of August,
1934.
JAMES J. McGRATH,
Sheriff of San Mateo County.
By E. RHODES,
Deputy Sheriff.

Mrs. Belle Jackson
Taken By Death
At Age of 93

Mrs. Belle Jackson, 93, widow of
the late Allen Jackson, passed away
Sunday at the Community Hospi-
tal from the effects of a recent
fall. She had come here 10 months
ago and was visiting with her
granddaughter, Mrs. J. L. Maxwell,
144 King street.

She is survived by two daughters,
Mrs. Mae Sibley of San Francisco
and Mrs. Effie Smith of Denver;
and four grandchildren, Mrs. J. L.
Maxwell, Mrs. Wilma Jackson, Mrs.
Elma Menefee and Kilmer Sibley.
She was a native of Madison Coun-
ty, Indiana.

Funeral services were conducted
by Rev. William J. Owen of the
First Methodist Church Tuesday
afternoon at 2 o'clock at the Layng
and Tinney Funeral Home. Inter-
ment was in the Union Cemetery.

The Chicago Field Museum con-
tains a petrified log of redwood
from Alberta, Can., said to be 100,
000,000 years old.

Two Boys Injured
In Bayshore Crash

Two San Francisco lads were cut
and bruised last evening in an auto-
mobile accidents Monday and Tues-
day and bruised late Monday in an au-
tomobile collision on the Bayshore.

Those hurt were George Rebholz
Jr., 7, and Lawrence Rebholz, 9,
of 335 Lawton avenue, San Fran-
cisco. They were riding with their
father when his car collided with
one driven by John E. Leige, 35, of
Sunnyvale.

Approximately 112,704,206.156 cig-
arets were manufactured in the
United States in 1933, a decrease
of 8,000,000,000 from the 1931
production.

IRON-OXIDE
Pest Control

It kills snails and slugs by con-
tact, fertilizes, stimulates the soil
and produces healthier vegeta-
tion.

Waiter is Arrested
For M. P. Car Theft

Joe Serrano, 25, San Francisco
waiter, was arrested on the Bay-
shore highway near Brisbane Sun-
day by Traffic Officers Manfred
Walzburg and Frank Chevalier on
a charge of driving a stolen auto-
mobile.

The car in which he was found
was later identified by Milton Mar-
cus, Menlo Park, as his machine.
Serrano was still being held in the
county jail here today awaiting
hearing before Justice of the Peace
Ellis C. Johnson at Daly City.

By a queer coincidence, Serrano
was just being booked at the jail
when Marcus arrived there to re-
port to the sheriff's office the theft
of his machine, which had been
missing since late last week.

Are You
Out of Work?

Because of Poor Health?

If you are unemployed it may be because you lack the
pep and enthusiasm to impress employers of your true
ability. The thing that you and everyone else must have
is buoyant, sparkling health to retain your job or get a
new job.

FREE CONSULTATION

Do not feel backward about coming to our office for con-
sultation. You need not worry about the financial problem unless
you decide to take our herbs. Please feel free to come at any
time. Your complete confidence will be maintained.

Heals Eczema
or Your Money Back

Here's a surgeon's wonderful pre-
scription—not a patent medicine—that
will do more to help you rid your-
self of unsightly spots and com-
mon skin troubles than any-
thing you've ever tried.

Go to any druggist you can trust
and get a bottle of Moore's Emer-
ald Oil. Apply it at intervals as
directions advise; with the very first
application itching ceases and with
continued use you'll soon see a rapid
change for the better. If you don't
get complete satisfaction your
money will be cheerfully refunded.
